

VECTA BRILLIANCE

 **VECTA** design
STRETCH CEILING SYSTEMS

VECTA Brilliance – is an exclusive product that has no analogues in the world, it combines the luxury of a special textile fabric with printed image and Preciosa crystals. Preciosa crystals are highly valued around the world and are distinguished by their quality and depth of light.

The collection **VECTA Brilliance** includes free textiles – TX-31-Gold, TX-31-Silver, TX-31-Pearl.

The maximum width of textiles is 310cm.

Any pattern can be applied to the selected basis.

VECTA Brilliance 2 sizes of the crystals – Chaton Rose 16/4mm and Chaton Rose 20/4,8mm – both are of the white color.

As the product **VECTA Brilliance** is an exclusive product, there can't exist two identical canvases. Personally for each client we will create an individual ornament, find a suitable color, create a sketch of the layout, according to requirements of the clients. Having all the information it will be possible to calculate the quantity of the crystals in the particular area of the canvas.
